RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS :

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period. Elite Permanente make up and cosmetology college does not offer Title IV Funding at this time.

APPEAL PROCEDURE:

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed, and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS:

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract end date and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

STUDENT CLOCK HOUR POLICY:

The Board of Barbering and Cosmetology will only recognize timeclock punched hours of attendance, as a result of this requirement this school can only give clock hour credit to students who record their attendance by using the time clock to punch in and out at the start and end of their class day and lunch period. A thirty (30) minute lunch break shall be taken when a student attends a 6-hour class day or more. If you are attending less than a 6-hour class day and desire to take a lunch break (30 minutes), then the half hour must be deducted from your daily total and you must clock in/out on your timecard for the lunch break. At the completion of the day, your timecard is prepared from the current weekly timecard. The daily hours and operations earned are added to the totals in the prior column and final totals transferred to the cumulative column. These cumulative figures are then entered in the prior column on the weekly timecard. The timecard must be signed by the student and the instructor daily. Instructors may not sign a student in or out and if a student does not clock in or out at lunch, 30 minutes for lunch will be deducted. After clocking in you are required to maintain applied effort. Timecards reflect the student's daily record of hours and operations. It is important that all your hours and operations are recorded properly and accurately. The attendance personnel must be able to read your timecard so that the hours and operations are transferred correctly to the roster. The timecards are the property of the school and must remain in the school at all times. Timecards must be retained/stored in their entirety for 6 years by the school.

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

ATTENDANCE STATUS:

Full time: Any student scheduled to attend 30 hours or more per week is considered to be a full-time student. Part-time enrollment is defined as 20-29 hours per week.

Elite Permanent Makeup & Cosmetology College recognizes that language barriers may limit access to training for certain students. To address this, the College offers Spanish-language instruction for the following courses: Microblading, Powder/Ombre Brows, Lip Blushing, Eyeliner, and Paramedical Tattooing. This accommodation is intended to promote accessibility, ensure equitable educational opportunities, and support Spanish-speaking students in achieving competency in their chosen discipline.

The College's plan to implement Spanish-language instruction includes several key components. Instruction will be provided by a bilingual faculty member, Yenifer Jung, who is fluent in both English and Spanish. Ms. Jung has developed the Spanish-language curriculum and will be responsible for delivering instruction in the designated courses. In addition, the College will supply Spanish-language textbooks, instructional guides, and tutorial materials to facilitate student comprehension and effective communication throughout the training program.

The College has evaluated the demand for Spanish-language courses among current and prospective students by collecting feedback from individuals whose primary language is Spanish or who prefer instruction in Spanish. In lieu of formal language proficiency or written examinations, the College will utilize alternative methods to assess Spanish fluency. These assessments will be conducted verbally to determine a student's ability to effectively engage in Spanish-language instruction. The following methods will be implemented:

1. Conversational Assessment – Students will participate in a structured conversation with an evaluator or instructor, who will assess the student's ability to comprehend and respond appropriately in Spanish. Discussions may address a variety of topics, enabling the evaluator to assess vocabulary, grammar, fluency, and overall communication skills.
2. Informal Conversation – Students may participate in unstructured discussions with instructors or native Spanish-speaking staff members. These conversations, which may cover a range of topics, allow evaluators to informally assess vocabulary breadth, conversational ease, and general fluency.

Based on the assessed level of interest and demand, the College will begin incorporating Spanish-language courses into the schedule on a gradual or as-needed basis. Initially, one or two courses may be offered per semester, with the number of offerings increasing as demand grows. The College is committed to a thoughtful and strategic approach in phasing in Spanish-language instruction to ensure it meets the needs of the student population. Through these efforts, Elite Permanent Makeup & Cosmetology College aims to foster a more inclusive and diverse learning environment for all students.

- We get permission from our clients and models for our students to "observe the process." Therefore, it is important that the students always allow the instructors and students focus on their clients while they are working. There is to be no unnecessary talking to, or near the instructors/students while they are working. If you have a question or absolutely have to say something - you may ask quietly. Otherwise, write down your questions to be asked after the procedure is completed.
- Unfortunately we have no parking available for students or clients, anyone parked in our private lot will be towed. Everyone is to park elsewhere, we recommend parking on Saltair or Brockton. There is an un-metered residential parking area on both side streets.
- You may take two 15 minute breaks and one 30 minute lunch break. You can bring your own lunch or dine out.
- Be mindful of others and keep the kitchen and classroom clean at all times; anything left out will be thrown away, daily.
- We only allow the models & students in the procedure areas during class time. We do not allow friends or family members in the procedure areas. Please ask your friends/family to meet you in the reception area or in outside the studio for breaks or after class.
- You are allowed to have no more than one model on "model day." Models will either have previous work requiring a touch up, or require new services. Which type of model you will receive cannot be guaranteed.

- After you complete your procedure on your model, you will receive a certificate, per whichever course was completed.
- After graduation, you are allowed to bring in clients into our studio. The first three chair rentals are free, and after the third, there is a fee of \$95 to rent a chair. The fee is the same regardless if the procedure is a touch up or first time.
- In order to graduate you must have completed work on your model, and you must pass written/practical exam. Practical exam will be graded on the following; performance, sanitation before, during and after procedure, and the ability to follow instruction. If one of these requirements is not met, we will hold your certificate until you pass all exam fully.
- Please, always respect instructors time & classroom time.
- Elite PMU follows all BPPE standards for all and not limited to refund policy, tuition standards, as well as teaching standards.
- There is a zero-tolerance policy in the use of recreational or medical drugs, alcohol, or any other substance that can impair or endanger yourself or any other person.

PMU PHYSICAL DEMANDS

Prospective students should be aware of the physical demands of an occupation as a Permanent Makeup Artist. Such occupations generally require continued standing and constant use of the upper torso, shoulders, arms, wrist, and hands, upper back and neck, constant sitting which can lead to backaches, and wrist/arm/hand problems. Certain individuals may have allergies and sensitivity to chemical; products used in the profession. A student must be physically capable of performing all required activities conducted at the school. Standing/sitting for prolonged periods of time can be a necessity for beauty education and the professions.

PMU EARNINGS AND OCCUPATIONS

As with any career, the amount of earnings one can obtain in the beauty industry is directly related to the amount of effort one applies to their career. Minimum efforts can result in minimum wage rates, while maximum efforts can lead to much higher levels of compensation. For this reason, EPMCC does not provide specific dollar earnings information. One's ability to earn income in the beauty industry is very dependent upon one's ability to communicate, present oneself professionally, develop great people skills and maintain a positive attitude. EPMCC curriculum is designed to teach students these skills, but the effort students put forth is up to them. PMU artists may earn income through different career choices. Occupations include: Full time PMU artist, Part-time PMU artist, scar specialist, barbers who advance their services to scalp micropigmentation, dentists, estheticians broadening services, nurses broadening services, to name a few. Artists can find employment in salons, spas or dermatologists offices. In addition to the above stated factors, earnings levels can depend on location, tipping habits, competition, self-employment, the company one chooses to work for, or the position held.

PMU HEALTH AND SAFETY

EPMCC follows regulations set forth by Los Angeles Health Department, OSHA, and State Board of Cosmetology.
